

## Until I Know

Panchiko

And I don't know if you're going back  
I wouldn't be there, said I wouldn't wait it by now  
You know the fear of a recompense  
I wouldn't be there, said I wouldn't take it too

And you always know you need this much  
You always know you need this  
You know you always need this much  
You always know you need this

Take on this chance  
All the parts are in place for the sun  
In your heart, empty seas  
A disgrace when the missed roll it in  
You extend, and I can't control this heart  
It's in tow, it's a start  
But I wouldn't really know  
'Til I know

And I don't know if you're going back  
I wouldn't be there, said I wouldn't wait it by now  
You know the fear of a recompense  
I wouldn't be there, said I wouldn't wait it

And you always know you need this much  
You always know you need this  
You know you always need this much  
You always know you need this

Take on this chance  
All the parts are in place for the sun  
In your heart, empty seas  
A disgrace when the missed roll it in  
You extend, and I can't control this heart  
It's in tow, it's a start  
But I wouldn't really know  
'Til I know
