

Anywhere but Here

Panda Bear

I guess I'll wait until
The voices inside my mind
Are out of time
And in a place close by I'll occupy
Until its end
Until its end

Sentado na varanda
Olhando para o céu
Conta as estrelas
Guardadas acima
Mas focado no além
É apenas uma distração
Porque, na verdade
Precisas-te consolar o coração

How can I begin
Aid to the sufferin'?
I'm wonderin'
And if I can't stare down this wickedness
It's deepenin'
This feelin'

I guess I'll wait until
The voices inside my mind
Are out of time
And in a place close by I'll occupy
Until its end
Until its end

Perdido nas estrelas
É-lhe dito uma coisa
Que o nosso dever na vida
Consiste apenas em agir bem
Agir bem, amar bem
Tratar bem
Independentemente do retorno
Pois o que os outros fazem
Não nos cabe a nós

I'm crumblin' within
Can't do what I swore
Not anymore
Because I can't let go can't say goodbye
A residue
In spite of you

I guess I'll wait until
The voices inside my mind
Are out of time
And in a place close by I'll occupy
Until its end
Until its end

Amar é a maior bênção na vida
E quem o vive, sabe
Mas viver em constante preocupação

Torna-se um pouco macabro
Agir sempre com pureza
Alivia-nos por dentro
E só aí vemos
A responsabilidade do amor
Nesta vida, e na próxima

It's written in my skin
Down till my well is dry
And open wide
And if I can't get to
You otherwise
I'm becomin'
I'm becomin'

I guess I'll wait until
The voices inside my mind
Are out of time
And in a place close by I'll occupy
Until its end
Until its end
