

# Defense

Panda Bear

Defense  
I'm in deep  
I could use you by my side  
In some sense  
Feel like I'm beat down  
Let down by your pride

What's it become  
What's it become  
What's it become  
What's it become

Lookin' for defense  
Nothin' left to do  
But hang my head and cry  
What was the intent?  
Lookin' to prove  
This move is dignified  
If you got an alibi

Give me some  
Give me some  
Give me some  
Give me some

I found a defect  
I'm tryin' to detect  
Symbols of a crime  
Respect  
Tryin' to reset  
What's inside my mind  
This place I can't occupy

Here I come  
Here I come  
Here I come  
Here I come  
Here I come

This place I can't occupy  
Here I come  
Here I come  
Here I come  
Here I come  
Here I come
