

Dolphin

Panda Bear

To the sea
To the end of the road
Could it be?
Has it always been so
So quiet?
I would always be
There when you need it
Wanna give you a hand
Gonna creep
Gonna switch off the screen
Unblinded
And I'll always find you
Knelt down upon the knees

To the end
To the things that we see
Clever bend
As a cat up a tree
So spry
In the space
Between
Comparisons to you
To the edge of the cliff
Us, the odd
Us, the frustrated crowd
So vile
Let it all define you
A clown among the thieves

To the end
