

Ends Meet

Panda Bear

It's enterin' the area
Like an ooze
You're givin' in for what
It's takin' over you
Don't look up
Punchin' you in your gut
It's gonna take good care of ya
You can't choose
Tangled in the rough
And when you come a-grovelin'
All shook up
It won't be good enough

And when it is my time
Dig it all (And I'll dig it again)
And when my motor stalls
Get the engines (Started again)
And if it is that time
Dig it all (And I would dig it again)
Till the heart don't beat
I'll meet the ends

What else can I do?
What else can I do?
What else can I do?

They got a spot to bury you
It's not news
You're tremblin' for what?
Just keep it in the groove (Don't let up)
But keep the doorways shut
You're in a spot precarious
Don't get confused
It's gonna call your bluff
And when your eyes are watering (Dry 'em up)
It won't be good enough

And when it is my time
Dig it all (And I'll dig it again)
And when my motor stalls
Get the engines (Started again)
And if it is that time
Dig it all (And I would dig it again)
Till the heart don't beat
I'll meet the ends

What else can I do?
What else can I do?
What else can I do?
