

Everything's Been Leading to This

Panda Bear

Well, times are tough
And the draw is raw
We're skiddin' thru
A closin' door
Got somethin' to tell you
That I can't resist
Everything's been leading to this

Everything's been leading to this
(Here it comes, here it comes, here it comes, here it comes)

Everything's been leading to this
(Here it comes, here it comes, here it comes, here it comes)

Well, times are tough
And the draw is raw
We're skiddin' thru
A closin' door
Got somethin' to tell you
That I can't resist
Everything's been leading to this

(Here it comes, here it comes, here it comes, here it comes)
Everything's been leading to this

Everything's been leading to this
(Here it comes, here it comes, here it comes, here it comes)

Everything's been leading to this
(Here it comes, here it comes, here it comes, here it comes)
Everything's been leading to this
(Here it comes, here it comes, here it comes, here it comes)
Everything's been leading to this
(Here it comes, here it comes, here it comes, here it comes)
Everything's been leading to this
