

# Ferry Lady

Panda Bear

Stiff wind on the street  
Pull my jacket in  
Feelin' incomplete  
Feel it happenin'  
Thought  
Lost in thought  
Lost in thought  
Lost in thought

Even if you didn't mean it  
Even if I didn't mean it  
Even if it's not worth the time  
Every little thing between us  
Every little thing beneath us  
Even if it's not on my mind

Thought we'd be friends again  
Pushed to the end  
We can but we don't  
The days we spent  
Now we don't care  
Thought we'd be friends again  
Now we're takin' a bow

Gonna try and bend not break it  
Lookin' at the steps I'm takin'  
Lookin' but I can't find the track  
Feel like I could take or leave it  
Only if I could believe it  
Think I got the wind at my back

Thought we'd be friends again  
Pushed to the end  
We can but we don't  
The days we spent  
But we don't care  
Thought we'd be friends again  
Weren't we sayin' a vow

Black thoughts back again  
Time to cut it out  
Every now and then  
More than I can count  
Thought  
Lost in thought  
Lost in thought  
Lost in thought

Thought we'd be friends again  
Pushed to the end  
We can but we don't  
The days we spent  
But we don't care  
Thought we'd be friends again  
Now I'm back on the prowl

Stiff wind on the street (stiff wind on the street)
