

## Gettin' to the Point

Panda Bear

I'm like a Coca-Cola in the system  
I'm lettin' it engineer the atmosphere  
I'm lightin' up a smoker into low gear  
When I got a chance to do my thing, it's sink or swim

Gettin' to the point, can't stand it  
You just can't stand it  
You drop a bomb  
Gettin' to the point you want it  
You got to win it  
To get along

I'm broken, back to basics  
I'm goin' back to nurse a bud and let it seed

Back up  
Back up  
Back it up  
Back it up again  
Back up  
Back it up now  
Back it up again  
Back up

And like it's somethin' stallin' in the system  
Cranin' your neck to hear the crystal clear  
Startin' up a motor, rev the engine  
When I got a chance to do my thing, it's sink or swim

Gettin' to the point, can't stand it  
You just can't stand it  
You drop a bomb  
Gettin' to the point you want it  
You want to want it  
To get along
