

## Go On

## Panda Bear

Somethin's coming round the bend  
Somethin' buried in the text  
One dude's dead  
And another's next  
Somethin's coming round the bend

Lifelong  
Sittin' in a bank  
Lifelong  
Sharpenin' the axe  
One dudes bread  
Is another's tax  
Lifelong  
Sittin' in the bank

Spark one  
Steppin' on the gas  
Spark one  
With a tip to all  
One dudes sweat  
Is another's balm  
Spark one  
Steppin' on the gas

Go on  
Go on  
Go on  
Go on  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me

Somethin's tippin' on the edge  
Daydream slippin' off the bridge  
One dude's dream  
Is another's day  
Somethin's tippin' on the edge

Somethin' stirrin' in the still  
Reject here I'm asking why  
One dudes scream  
Is another's way  
Somethin' wavin' you goodbye

Go on  
Go on  
Go on  
Go on

Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me

Somethin's comin' round the bend  
Somethin' that I wanna know

Cold as snow  
Like a whip  
Let's go  
Somethin's comin' round the bend

Go on  
Go on  
Go on  
Go on  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me  
Give it to me

You're gonna get  
You got it comin' now  
Over and over and over

You're gonna get  
You got it comin' now  
Over and over and over

You're gonna get  
You got it comin' now  
Over and over and over

You're gonna get  
You got it comin' now  
Over and over and over

You're gonna get  
You got it comin' now...
