

It's somethin' in the tone
You won't get on the phone with me
I'm holdin' like a stone
I'm holdin' on to you

My heart, it bends before it breaks
Only want to give it to you
I'm gonna give, you're gonna take
All the love is going through you
A kind of bond I wanna make
But you never let it happen
My heart, it bends before it breaks
I'm just crumblin' and crackin'
I'm holdin' on to you

And so I'll take, another chance
To give some proof to you
I'm waiting 'cause my makeup tells me to

Again and again, and again, and again
And again, and again, and again, and again
And again, and again, and again, and again
And again, and again, and again

It's somethin' in the home
It chills me to the bone, you see
Not holdin' you alone
I'm holdin' on to you

My heart, it bends before it breaks
Only want to give it to you
I'm gonna give, you're gonna take
All the love is going through you
A kind of bond I wanna make
But you never let it happen
My heart, it bends before it breaks
I'm just crumblin' and crackin'
I'm holdin' on to you

And so we do, another dance
I make it up with you
I'm movin' and I'm watchin' how you do

Again and again, and again, and again
And again, and again, and again, and again
And again, and again, and again, and again
And again, and again, and again, and again
And again, and again, and again, and again
And again, and again, and again, and again
And again, and again, and again, and again
And again, and again, and again
