

## Shepard Tone

Panda Bear

No way, just a feeling that's felt on  
Like a stinking bog  
Deep down in the thick of the wicked  
There's a little blood  
Folks quit when there's nothing to quit on  
A sucker punch  
I'm a rip in a fantasy  
So are you

Deep throat at the tip of the unknown  
It comes up again  
Trying to stand when there's nothing to stand on  
Make a little room  
Kickback from a wiffle bat  
Surface like a dew  
One gift if it gets to that  
Got one for you

Fingers everyone  
Fingers everyone
