

Too Much to Ask

Pansy Division

To get my attention
Ain't that hard, you know
After so many letdowns
The bar is set so low
Are we a bunch of babies?
Are we a bunch of flakes?
Been blown off so often
How much more can I take?

A return phone call
A return text
To simply so show up
At a time and date that's set
To merely keep your word
Is that too hard a task?
Are all of these simple things
Just too much to ask?
Too much to ask...
Are all of these simple things
Just too much to ask?

As I retreat into defeat so sadly
Why do gay men
Treat each other so badly?
Worshipping some app like a savior
With no penalty or consequences
For your bad behavior

I wanted to touch your body
I wanted to hold it
I was ready to pitch a tent
Now I'm gonna fold it
Another guy who doesn't show up
Makes me wanna throw up
Time to fucking grow up
However old you are

A return phone call
A return text
To simply so show up
At a time and date that's set
To merely keep your word
Is that too hard a task?
Are all of these simple things
Just too much to ask?
Too much to ask...
Is a small amount of courtesy
Just too much to ask?
