

Work on It, Babe

Pansy Division

Did you think you were doing me a favor?
When you said that you'd go out with me
But now I'm not diggin' the flavor
Of what you think the two of us should be

'Cause if you want to be interesting
You've got to be interested in things
Otherwise you're just another pretty face
But you know, you know you gotta

Work on it, babe
You gotta work on it babe
Yeah, work on it, babe
Or you're never gonna keep a man

Did you think you were doing me a favor?
When your friends said,
Why are you with him?
Was it because there was something deep to savor
Or was it just, was it just a whim?

'Cause if you want to be interesting
You've got to be interested in things
Otherwise you're just another pretty face
Who'll continue to get chased
But you know, you know you gotta

Work on it, babe
You gotta work on it babe
You've gotta work on it babe
You know you know you know
You've gotta work on it, babe
Work on it, babe
Yeah, work on it, babe
Or you're never gonna keep a man
