

You're on the Phone

Pansy Division

I've spent a lifetime leaning on walls
And spent a thousand nights alone just screening my calls
But now the phone is singing your song
The ringing is the sound I had missed all along
The sweetest sound I've ever known

'Cause you're on the phone
You're on the phone
You're always on the phone

It seems of late our connection is bad
And I can't help but miss those conversations we had
When I look up sending a text
You're staring at your phone and checking up on your ex
We're side by side but all alone

'Cause you're on the phone
You're on the phone
You're always on the phone

I'm always on my own
We're both always on the phone
Turn off the phone
And dial my tone
You're on the phone
