

# Burn

Papa Roach

I didn't know you were a fake.  
Every lie straight to my face.  
So blind I could not see  
right behind my back you stabbed me.  
Should've know you were a bitch,  
shut up, you're making me sick.  
Little man you're nothing like me.  
Lying, cheating, so deceiving...  
I trusted you broke me down.  
And you screwed me over.

Don't try to deny it!  
You cannot hide it!  
I'll be ignited  
when I get to watch you burn.  
Burn! Burn!  
I wanna watch you burn!  
Burn! Burn!  
I wanna watch you burn!  
You're gonna get what you deserve.  
I wanna watch you burn...

You turn me inside out.  
My world is upside down.  
You're not hurt are you happy now?  
Looking over your shoulder fucking me over.  
I trusted you sold me out.  
This is far from over...

Don't try to deny it!  
You cannot hide it!  
I'll be ignited  
when I get to watch you burn.  
Burn! Burn!  
I wanna watch you burn!  
Burn! Burn!  
I wanna watch you burn!  
Burn!  
I wanna watch you burn!  
You're gonna get what you deserve.  
You'll never learn...

Your time has come now.  
Its your turn.  
I'll watch you burn!  
Burn! Burn! Burn!  
I wanna watch you burn!  
Burn! Burn!  
I wanna watch you burn!  
You're gonna get what you deserve.  
You'll never learn...

Your time has come now.  
Its your turn.  
I wanna watch you burn!  
Burn! Burn!  
I wanna watch you burn!

Burn! Burn!  
I wanna watch you burn...
