

# Cut The Line

Papa Roach

Are you tangled up inside  
Is it something that you hide?  
If you listen to the voice inside  
Ka-ka-ka-cut the line  
Cut the line

Are you trapped up in your thoughts?  
Tied up in knots?  
Dying to find a way out?  
When there's nobody around  
And you're melting down  
It seems like you need to reach out

Is there something that you wanna say?  
Is there something that you wanna say?  
Is there something that you wanna say?  
Is there something that you wanna say?

Are you tangled up inside  
Is it something that you hide?  
Are you twisted up and don't know why?  
Are you stuck inside your head  
Like I'm stuck inside my head  
If you listen to the voice inside  
Ka-ka-ka-cut the line  
Cut the line

Are you stumbling with your words  
Sometimes it hurts  
'Cause you don't have a way to speak out  
Are you terrorizing yourself?  
Terrified of that hell?  
I wish you would just make a sound

Is there something that you wanna say?  
Is there something that you wanna say?  
Is there something that you wanna say?  
Is there something that you wanna say?

Are you tangled up inside  
Is it something that you hide?  
Are you twisted up and don't know why?  
Are you stuck inside your head  
Like I'm stuck inside my head  
If you listen to the voice inside  
Ka-ka-ka-cut the line  
Ka-ka-ka-cut the line

Are you tangled up inside  
Is it something that you hide?  
Are you twisted up and don't know why?  
Are you stuck inside your head  
Like I'm stuck inside my head  
If you listen to the voice inside  
Ka-ka-ka-cut the line
