Leave A Light On

Papa Roach

Dry bones rattle in a lonely soul
Slipped and fell into a deep black hole
I can tell you're lost, I'm here for you
Wild fires burning you down to stone
Blind eyes turning from a world so cold
A million miles apart, within my reach

It's not like me, to worry
But when I see you fading in the dark
I'll leave a light on for you
Through the long nights, I will be right
There for you if you drift too far
I'll leave a light on for you
You
You

The rain comes following an endless drought
To wash away the remnants of all your doubts
I hope that you see me looking out

It's not like me, to worry
But when I see you fading in the dark
I'll leave a light on for you
Through the long nights, I will be right
There for you if you drift too far
I'll leave a light on for you
Through the long nights, I will be right
There for you if you drift too far
I'll leave a light on for you
You
You
