

Lulu Espidiachi

Papa Roach

She walked through my door
And got a see from her bananas to another
She was acting so nice until she asked where was my marriage
Maybe it's cause I slap her in the face too often
I think it's time to buy that sign, the challenge is here
Oh baby, it's new so listen and dance
Hey old lady, get out of my house!
It's alright, am I bugging you?
Listen to me, just this once!
Open your eyes, and realize, yeah ..
Get out
Lulu
Get out
Hey old lady, get out of my house
She came in the house,
to ask if I could by some bananas
I can't believe she tried to sell me these ..
What do I look like? A freakin hermaphrodite?
I think it's time to buy that sign,
the challenge is here
Oh baby, it's new so listen and dance
Hey old lady, get out of my house!
It's alright, am I bugging you?
Listen to me, just this once!
Open your eyes, and realize, yeah ..
Please get out
Lulu
Get out
Hey old lady, get out of my house
Lulu, get out
