

# Stand Up

Papa Roach

Sweat, sweat, sweat, sweat  
Stand up, stand up

I hear you banging on that battle drum  
When we play this song  
All my people rise up, we 'bout to set it off  
This for the voiceless  
And for the hopeless  
They say that you could chase your dream  
But they take away your choices  
So watch out, watch out  
You're in the zone now  
Watch out, watch out  
They takin' notes now  
Watch out, they tryna divide us  
But all I hear is "Blah, blah, blah, blah, blah," hahaha

Sweat, sweat, sweat, sweat  
Stand up, stand up, stand up, stand up  
Sweat, sweat, sweat, sweat  
Stand up, stand up, stand up

Sometimes I feel like letting go  
'Cause its all I've ever known  
But I know I'm not alone  
I hear the echo, echo, echo  
It's a violent symphony  
It's that voice inside of me  
Screaming out for room to breathe  
I hear it echo, echo, echo  
Stand up  
Stand up  
Stand up

Sweat, sweat, sweat (I know, I know, I know)

It's fight time, baby, it's the right time  
Crazy, you would flatline if you knew the truth  
And now it's halftime, murdering the track, I'm  
Strangling the facts until you give me some proof  
I see them feed us the violence until we sick and defiant  
We so confused in this delusional show  
And now they're taking advantage, manipulating the masses  
Now where the fuck did our humanity go?

Sweat, sweat, sweat, sweat  
Stand up, stand up, stand up, stand up  
Sweat, sweat, sweat, sweat  
Stand up, stand up, stand up

Sometimes I feel like letting go  
'Cause its all I've ever known  
But I know I'm not alone  
I hear the echo, echo, echo  
It's a violent symphony  
It's that voice inside of me  
Screaming out for room to breathe

I hear it echo, echo, echo  
Stand up  
Stand up  
Stand up

So watch out, watch out  
You're in the zone now  
Watch out, watch out  
They takin' notes now  
Watch out, they tryna divide us  
But all I hear is "Blah, blah, blah, blah, blah," hahaha

Sometimes I feel like letting go  
'Cause its all I've ever known  
But I know I'm not alone  
I hear the echo, echo, echo  
It's a violent symphony  
It's that voice inside of me  
Screaming out for room to breathe  
I hear it echo, echo, echo

Stand up  
So watch out, watch out  
You're in the zone now  
Watch out, watch out  
They takin' notes now  
Watch out, they tryna divide us  
But all I hear is "Blah, blah, blah, blah, blah"  
Stand up
