I don't want to die Blinded by their eyes And I don't want to be here Right now, I don't explain

Right now, explain

Where you going?

Asking me the questions
And they don't have a clue
But I bought them lots of pencils
To write the times
You lose

I thought of something
I might say but
Try talking to someone
When that someone shares your name

I won't drag you down
I know, it's only rock and roll
