## **Small Rooms**

## **Papas Fritas**

Children of the Revolution Yeah I know your world is dying Kids today don't like it anyway Shaking to a new solution

Wanderlust - the rooms are too big for us Memories fade - legends grow old and rust

I like small rooms

Hear the sound of your own voice Find a space and take a name Say hello to all the kids for me I know you're making out at this game

Heal yourself - blue eyed boys don't need help
Clear the floor - put your books on the shelf

I like small rooms
