

## Burn

## Papoose

Lames getting me vex  
Bang off the reflex  
Drown in the streets  
I ain't see a good key yet  
Holes in his white T shoot him in his V neck  
Bring drama to your door step UPS  
Bullets hit the chamber and the shells hit the seaman  
Make a nigga do the harlem shake like G depp  
'Cause we dress the impress yes, they know we fresh  
Man they er'thing got no class went to recess  
Bang bang, stand now how my actions never regret  
My homeboy used to fish tell me in the GS  
My man putting work can't believe he hesitated  
Took the gun out of his hand  
Told him ain't thug-educated  
'Cause me, I would've aired that shit  
Ask the boys in your hood how I clear that strip  
To all the lames that be dissing  
You pray to God that you don't see me  
I'm a big ass on front street  
In HD and 3d  
Mac a zombie and benjamins  
You get washingtons like DC  
Can't sabotage my catalogue  
So I laugh at y'all like he he  
Lame you a reject, he gon' need 3 vests  
Boy I run the city pop the clip when they eject  
Blunt homies berreting crispy getting they crack in  
Blow your money while you stack in  
Now put the man in Manhattan  
They say life is short but I bet you  
You can play russian roulette with my ratchet  
'Cause it's smith the west and I hit perfections  
And get this ratch in this rappers  
I say dug up, you heard it that  
After course we heard of that  
Take one of the after go do the chucks  
We're off your bush you murder back  
1.5 I tuck that put it in a hole like fold rap  
Throw for your man down he raining  
He should've sworn back  
I hooked on that nigga, may weather that lame  
Getting money trigger happy papi  
I stressed up I got know slake  
That's because I do hoe, more shells then nuro  
My move's pretty meditated I planned it  
Pluto

You wanna talk, or you wanna play  
I be laughing at these lames er'day  
Boss on sale weed booyay  
When you see 'em in the streets  
They ain't moving what they say  
Man these niggas is burns  
Man these niggas is burns  
Man these niggas is burns  
Man these niggas is burns

They say they on fire walking on with wires  
They ain't nothing but some liars  
I'm a sayan man these niggas is burns
