Papoose

Yeah!

I'll be howling at the moon  
That's what wolves do  
I know you hate my guts  
So what

Started with a Rollie  
Then I got that AP  
Now I got that Richard Millie  
Oh they gon hate me  
Burned all they bridges  
Now they tryna blame me  
Fuck'em they gon die broke  
Man them niggas lazy  
2 K's on me like Kyrie KD  
Niggas takin cheep shots  
They ain't even crazed me  
Last time I dropped a lot of songs  
More than 80  
Man i'm just gettin' started  
I'm bout to go crazy  
I'm on that Cash Money shit  
Lil Wayne Baby  
Thugacation is the army  
Better yet the navy  
I don't entertain em  
I let them entertain me  
My dog trigger finger itchy  
Think he got the rabies  
Always been the truth  
It's not a liar in me  
The little homies love me  
I'm who they inspired to be  
I get excited when  
I see a nigga flyer than me  
Don't get mad get money  
Get aspired my G  
I try to teach the little homies  
To be wiser than me  
Stop bangin' on the internet  
Don't get indicted my G  
Exercise drink water  
Take your vitamins G  
He said I'm crippin' man  
I only fuck witch vitamin C

Been there done that  
Cut that phone tap  
Same shit just another day  
No fear no rest  
Lot of dough in the bag  
On my way to make another play  
So it's time to get paid nigga  
Today nigga  
Stay out my way nigga  
It's time to get paid nigga  
Today nigga

Stay out my way nigga

Stupid!

This ain't no backpack rap  
When I was young cuttin' school  
I used to backpack gats  
Time of my life I don't wanna backtrack that  
Should I still hop out the back  
And make it clap clap clap  
Stupid!  
I ain't talkin' bout venereals  
My niggas'll bust yo bust it  
Like what's the scenario  
Still clinchin' guns with the rubbed off stereo  
You niggas is too pussy like a pair of hoes  
My Range drive itself I'm gettin' head while I whip it  
You know we make movies so  
Go ahead and get it steppin'  
Still know the plug I need  
Some bread I might bring it  
My mind made up  
Til this nigga said their ticket  
40 grand that's a eh eh  
Nigga never slip  
I got the blam that's a eh eh  
You know it's no limit Silkk the Shocker  
Nigga Master P  
Dipped down the matha  
Then a nigga copped the masterpiece  
Big foreign while I'm passed  
Through the metropolis  
Keep your glasses on motherfucker  
Like the oculus  
Keep playin' games this ain't virtual reality  
Catch me in the ocean nigga terks is my reality

Been there done that  
Cut that phone tap  
Same shit just another day  
No fear no rest  
Lot of dough in the bag  
On my way to make another play  
So it's time to get paid nigga  
Today nigga  
Stay out my way nigga  
It's time to get paid nigga  
Today nigga  
Stay out my way nigga

Jaquae!
