

# No No

Papoose

Ok I'm settling into my executive air  
Artists bring in the table these labels pulling the chair up  
I'm a genie in a bottle for my mom Aguilera  
She gets assists from her son but I don't need Santa Clara  
I dropped out I was a Maverick I still am  
Look at my net I just made another million  
I've been going crazy people try to play me  
I became the hero that I needed and I saved me  
I'm moving on God's time  
Darkness makes the stars shine  
Y'all be thinking speed bumps to stop signs to guidelines  
I'm just trying to write rhymes  
Make hits get money take trips  
You girl knows that I stay sharp now you bae-less  
Skips town with me gets down with me  
Make these bitches go crazy it's like Chris Browns with me  
Rappers fighting over crumbs without a toaster on the hip  
I got a toaster in the crib I ain't called for this shit (no no)

I know way too much to ever give up what I got going (no no)  
Everything and that they gonna say something to stop me from growing  
(no no)  
I know way too much to ever give up what I got going (no no)  
Everything and they gonna say something to stop me from growing (no n  
o)

I'm dressed in more sharp gators look like they fresh out a' small sw  
amp  
Drunk driver swallowing Hennessey on the Cross Bronx  
Albert Einstein of the urban ghetto but more sharp  
Won't sell explicit rap but they sell guns at Walmart  
Kill so many rappers this year I'm breaking the law God  
Homicide tracing the bodies they need some more chalk  
Guerilla warfare shots ricochet the floor sparks  
Be proactive you can't stop it after the war starts  
The Hammerhead, Great White, Tiger, you just a small shark  
Def poetry writer reinstating a lost art  
Fee-fi-fo I'm a rap giant my walk stomps  
Cast a shadow total eclipse making the world dark  
Mental institutions they can't contain me get tore apart  
Doses of medication written across the wall chart  
You dad a simp you was a simp's son before Bart  
Dedicated king with a large throne and a pure heart

I know way too much to ever give up what I got going (no no)  
Everything and that they gonna say something to stop me from growing  
(no no)  
I know way too much to ever give up what I got going (no no)
