

## Store Run

Papoose

Had to make a store one real quick  
Figured I'd drop a few bars  
Yo

The most underrated greatest of all time is an understatement  
Mosh pit tossing the mumble rappers straight from the stages  
Ghetto Robin Leach lifestyles of the young and dangerous  
Unemployment corona vaccines and hunger wages  
Glock spinner, turn the revolver barrel and pumping gauges  
No finger prints on the shells they picked up from the pavement  
Downstairs in the bookings cops brought me up from the basement  
Known felons staring the judge down at a gun arraignment  
Cracked wooden handle kitchen knife I rubber taped it  
Poke your boss up like Rockefeller did ?un ta tainment?  
In the mansion eating some Hagen Das, rum and raisin  
Sweet potato pie with the tin foil, my mother made it  
Basquiat is cold I like his pictures but some are tainted  
I prefer graffiti, y'all hang a picture my brother painted  
Expiration date on your life expired, it's fucking dated  
When she seen her son laying in the casket his mother fainted  
You could lose your life for repeating something a sucker state  
d  
Pillow talkers killed on their own pillows and suffocated
