

# Machine

Paprika Korps

It's the biggest machine I have seen in my life  
Once you push the button you don't have to ask twice  
What is your order?  
Law or disorder?

It's a biggest machine I have seen in my life  
And a finest and a meanest by far  
Where is the border?  
Can you push it bit further?

Every glowing button drags attention at once  
Countless possibilities time to take a chance  
What is your order?  
Gondor or Mordor?
