

Spellbinding

Paradise Fears

One glance at her,
Romance stricken and unsure
If it could be,

My life, my dreams
Insecurity sweeps me
Off of my feet,

Laugh with me,
Cry with me,
Die with me,
Spellbinding,
Look at her, could you believe
I'm staring at the girl of my dreams

The last thing I wanted,
Was for us to be parted,
But you're tired and you want me to go,

Would it be comforting
If I said that I miss you,
Cause I wanted you, I wanted you to know
I could never let you go,

Laugh with me,
Cry with me,
Die with me,
Spellbinding,
Look at her, could you believe

It's threatening
To tear me
Across the seams
Cause you are the girl of my dreams,

Lately, I've been
Tired of falling up short,
Tired of unanswered dreams,

So take me, break me
Do whatever you want
Cause it all ends the same
Everything, everything will break

Laugh with me,
Cry with me,
Die with me,
Spellbinding,
Look at her, could you believe

How typically,
She says to me,
You're not the right type for me
We'll never be together, you and me
