

## Ending Days

Paradise Lost

Searching  
From so far away  
I'll be back to stay  
Searching  
From so far away  
All these endless days  
Maladjusted, I suffer  
Maladjusted, I suffer

Yearning  
From so far away  
Dreams are left decayed  
Ill adjusted I suffer  
Readjusting discovered

Ending life  
The days of unending strife  
So sacred as years go by  
We don't care till it's time to die  
On those ending days we'll harmonise

Searching  
From so far away  
I'll be back to stay  
Back to stay

Ending life  
The days of unending strife  
So sacred as years go by  
We don't care till it's time to die  
On those ending days we'll harmonise
