

## Perfect Mask

Paradise Lost

I live behind the perfect mask  
Erase the rule forever  
I live behind the perfect mask  
Unleash the truth forever  
I live behind the perfect mask  
Too late gonna live at last  
I live behind the perfect mask  
Too late gonna live at last  
I live behind the perfect mask  
Erase the truth forever  
I live behind the perfect mask  
Only the true endeavour  
Help me. I dare say theres no other way  
Help me. I dare say theres no other way to go  
Wanton fallacy again  
Merciless until the end  
Recognise my heart is there  
So reveal me and disgrace me
