

## Sons of Perdition

### Paradise Lost

And all I ever want is never  
And though I struggle with the pain  
And all I ever want is severed  
So that you...  
So you must respect the shamed

Saviour above never came

Regarding all the pain a pleasure  
And though the struggle seems inane  
There is no worth in your endeavour  
So that you...  
So you must accept the rage

Saviour above never came

And I'm saddened the way you go  
Sad in the way, beneath.
