

## Bridge To Silence

PARADOX

Some incredible noises are crushing my head  
There's no other choice - the code is red

I feel all is in vain  
This life is insane

Daily pressure is rising  
Search the way to rid the pain  
Is it time to give up  
Abandon this game?

I feel all is in vain  
This life is insane

A call from behind opens my mind  
Wake up, step back, unwind!

I turn back to myself  
Start anew, ending it all  
Step a new into existence  
The bridge to silence must fall

Now the time is right to conclude this fight  
The future is clear, start right now and here

I feel all is in vain  
This life is insane

A call from behind opens my mind  
Wake up, step back, unwind!

I turn back to myself  
Start anew, ending it all  
Step a new into existence  
The bridge to silence must fall
