

# Evolution Reset

PARADOX

On the road to ruin  
The race to a final end  
It will be all over soon  
The beginning of the end

Turn back the hands of time  
Delete all sweet memory  
Swatch back to primitivity  
Reset the modern minds  
Destroy beloved luxury  
Regenerate to plain simplicity

To pollution there's one conclusion  
Renewal of evolution  
A radical step to save creation  
A liderating slavation

Leave it all behind  
Solution to mankind  
Delete all tech-advance  
Shut down the power-plants

As our world collides  
There is a resolution  
A new hope to arise  
To change all constitution

Turn back the hands of time  
Delete all sweet memory  
Swatch back to primitivity  
Reset the modern minds  
Destroy beloved luxury  
Regenerate to plain simplicity

Switch off electricity  
Disclaim to survive  
Put and end to luxury  
So we can stay alive

Turn back the hands of time  
Delete all sweet memory  
Swatch back to primitivity  
Reset the modern minds  
Destroy beloved luxury  
Regenerate to plain simplicity
