

# No Place To Survive

PARADOX

Always on the run  
Trying to escape  
But I have begun  
Building my own fate

I rely on myself  
Alone am I and I got

No place to survive

I deny destiny's help  
Told them of my latitude  
Goin' on all by myself  
Isolation attitude

I deny togetherness  
Alone am I and I must survive

Scanning the one who's on the run  
Jumpin' the gun  
Get the bad guy dead or alive  
Criminalized  
He chose to be the enemy to society  
Hunting the man who won't  
Understand all is in our hands

Can't just say what you think  
Can't just do what you want  
Hiding from authority  
Shackles of the free

I defy conformity  
I'll find a home even if they say  
That I got
