

Hell Beyond Hell

Paragon

Sign your name, sign in blood
Punch in your code
Secret words, secret signs
Ticket for this road

It's your new religion
On your trail of pain
The mad servant's final bow
On a down-bound train

Ain't a secret what may be
And you're a part of me

Hell beyond Hell
On the edge of darkness
A deadly trap is now revealed
Hell beyond Hell
In the holy fire
Nailed to a burning cross in Hell
(Beyond Hell)

Sell your soul, sell your life
Show me all you've got
Waste your time, waste your life
The wire's getting hot

It's a burning fever
A bad disease
Death to the unbelievers
Suffer and decease

Got your hopes, got your dreams
All your wishes and your sins

Hell beyond Hell
On the edge of darkness
A deadly trap is now revealed
Hell beyond Hell
In the holy fire
Nailed to a burning cross in Hell
(Beyond Hell)

Hell beyond Hell
On the edge of darkness
A deadly trap is now revealed
Hell beyond Hell
In the holy fire
Nailed to a burning cross in Hell

Hell beyond Hell
A deadly trap is now revealed
Hell beyond Hell
Nailed to a burning cross in hell
(Beyond Hell)
