

Mean Machine

Paragon

Sole survivor - beast in black
A whispered story tale
Don't you dare to turn your back
I'll always will prevail

Wide eyes - flash lights
Tension around
Condemned to fight
And power unbound

Skulls and bones - axe and shield
The cage - my battlefield
Play my game - hear their screams
Hail to the mean machine
The mean machine

Thunder dome - evil stage
A shadow in the smoke
Materialized hate and rage
I got the final stroke

R:

Skulls and bones - axe and shield
Hail!

Skulls and bones - axe and shield
The cage - my battlefield
Play my game - hear their screams
Hail to the mean machine

Skulls and bones - axe and shield
The mean machine

Hail to the mean machine
