

Get Faster, Reach Devil

Paralysed Age

Get Faster Reach Devil

I'm dancing with your darkened soul
Must be murder and love at the same time
I've been caged by the dead of night
I'm smelling blood and awake for the second time
The deepest glance upon your face
I'm spellbound by your kiss

Get Faster Reach Devil

Was never touched like this before
Was never kissed like this before
My blood runs faster into the cold
I'm nearly dead but I will rise again
The deepest glance upon your face
I'm spellbound by your kiss

Get Faster Reach Devil
