

Sacrifice

Paralysed Age

You are my life you are my liberty
You give me delight you know what's good for me
In you I trust you seal my fate
I always give and you always take
You are my master so lead me on to heaven's gate

Take me shake me
Wake me up deep in the night
Take me how ever you want
Take me when ever you like
Take me once and take me twice
Make me suffer like Jesus Chist
Take me shake me
Make me the victim of your sacrifice

You are my death you are my dignity
You keep me out of breath
You strike and strangle me
Caress me with your iron glove
I always cry and you always love
Abuse all my devotions
'Cause I can't get enough

Take me shake me
Wake me up deep in the night
Take me how ever you want
Take me when ever you like
Take me once and take me twice
Make me suffer like Jesus Chist
Take me shake me
Make me the victim of your sacrifice

Take me shake me...
