

# Adore

Paramore

- G** **C9**  
1. I don't mean to run,  
**Emi** **C9**  
But every time you come around i feel more alive than ever  
**G** **C9**  
And i guess it's too much,  
**Emi** **C9**  
Maybe we're too young and i don't even know what's real  
**G** **C9**  
But i know i've never wanted anything so bad,  
**G** **C9**  
I've never wanted anyone so bad
- G**  
R: If I let you love me,  
**C9**  
Be the one adored,  
**Emi**  
Would you go all the way?  
**C9**  
Be the one I'm looking for  
**G**  
If I let you love me,  
**C9**  
Be the one adored,  
**Emi**  
Would you go all the way?  
**C9**  
Be the one I'm looking for
2. Help me come back down,  
From high above the clouds you know I'm suffocating but I blame this town  
Why do I deny,  
The things that burn inside down deep I'm barely breathing but you just  
see a smile  
And I don't want to let this go,  
Really I just want to know
- R: If I let you love me... (2x)
- G**  
If I let you love me,  
**C9**  
Say the word adored,  
**Emi**  
Would you go away?  
**C9**  
be the one i'm looking for
