

## Figure 8 (Re: Barteess Strange)

Paramore

Yeah, once you get me going  
Yeah, once you get me going  
Yeah, once you get me going  
Yeah, once you get me  
I don't know how to stop  
I don't know how to

Yeah, once you get me going  
Drained me dry  
Down to the last drop  
Yeah, once you get me going  
Pearls before swine, all flowers die  
Tapped the last good vein, don't know how to shut it off

Yeah, once you get me going  
I don't know how to stop  
I don't know how to stop  
Yeah, once you get me going  
I don't know how to stop  
I don't know how to

All for your sake  
Became the very thing that I hate  
I lost my way  
Spinning in an endless figure 8  
Yeah, once you get me going  
Yeah, once you get me-

I  
Won't miss the feeling  
My flimsy spine  
Unsuspicious mind  
I was only being kind  
But you mistook me for weak

And once I get going  
Mmm-hmm  
I don't know how to stop  
I don't know how to stop  
Going  
Ooh, yeah  
I don't know how to stop  
I don't know how to

All for your sake  
Became the very thing that I hate  
I lost my way  
Spinning in an endless figure

All for your sake  
Became the very thing I hate  
I lost my way  
Ending in this figure 8  
All for your sake  
Became the very thing I hate  
I lost my way  
Spinning in a figure 8

Spinning in a figure 8  
Spinning in a figure 8  
Spinning in a figure 8  
Spinning in a figure 8  
All for your sake  
Became the very thing I hate  
I lost my way, I lost my way  
I lost my way  
Spinning in a figure 8
