

## Until Tomorrow

Paramore

I Climb, I Slip, I Fall  
Reaching for your hands  
But I lay here all alone  
Sweating all your blood  
If I could find out how  
To make you listen now  
Because I'm starving for you here  
With my undying love and I  
....I will

Breathe for love tomorrow  
Cause there's no hope for today  
Breathe for love tomorrow  
Cause maybe theres another way

I Climb, I Slip, I Fall  
Reaching for your hands  
But I Lay Here All alone  
Sweating all your blood  
If I could find out how  
To make you listen now  
Because I'm starving for you here  
With my undying love and I  
....I Will

Breathe for love tomorrow  
Cause theres no hope for today  
Breathe for love tomorrow  
Cause maybe theres another way

I Climb, I Slip, I Fall  
Into Your Empty hands  
but I Lay Here All alone  
Sweating all your blood
