

Lullaby For A Memory

Parannoul

Son of two, daughter of none
My child, my child, my child
You'll fly into the sun

Gears turning, clocks suspended
Bells ringing, neverending
I wish that I could freeze time for you
Years march on, months and weekends
Dive straight into the deep end
My child, I'm saying goodnight to you
I'll sing you a lullaby tonight, tonight
The kid in me nullified tonight, tonight

Jeo meolli heuteojine
Geuraedo haeneun done
Gidariji anado dwae
Imi tteonabeoryeonne

Neol itji anado dwae
Modeun geon banbokdoene
Neol itji anado dwae
Seulpeumeun doraone

Gears turning, clocks suspended
Bells ringing, neverending
I wish that I could freeze time for you
Years march on, months and weekends
Dive straight into the deep end
