

# Soliloquy

Parannoul

Nareul mideulsuga eopseo  
Sumgyeowatdeon nae sorideul  
Nari balgawa jeonbu meomchunda  
Dasi pahechyeobeoryeosseo  
Sumgyeowatdeon nae gamjeongdeul  
Amu il eopsi geujeo heulleoga

Secrets, don't pray, tell  
Number straight to my fake cell  
I don't know what you came for  
But don't come close cause my fate's hell  
Ask a question I'm stunlocked  
Adulthood's when the fun stopped  
I don't know what you came for  
But I don't have any love stocked  
Cause I'm still here getting tongue-tied  
Train passing, it swung by  
I don't know what you see in me  
But I'm blind looking at sunlight  
Dark out when the sun's up  
I know that I've fucked up  
I don't know what you see in me  
But there's nothing left but a shell of a human being  
There's nothing left that you're seeing  
My stress is only increasing  
To the depths and up to the ceiling  
There's nobody that I'm pleasing  
So tell me why do I try  
I don't even feel alive  
So why do I live a lie  
Don't pay me any mind  
They say boys don't cry  
Tell me if the lie's white, do I still deserve to suffer inside  
I'm backed into the corner  
Mic up to face by reporters  
Walking up with a white flag to the guns raised at the border  
Cause I still want to keep lying to myself, all of my friends, and everyone else  
Nothing that I stand for, no virtues I've upheld  
Nothing that I speak for, just hot wind to expel  
Deep in the eighth circle of hell burning until everything melts  
Fork in my tongue

Gateun jangso dareun saram

(Wires and metals crawling over me  
Broken glasses crawling over me)

Nareul mideulsuga eopseo  
Forked tongue within my mouth  
Sumgyeowatdeon nae sorideul  
Run with my tail between my legs  
Nameul mideulsuga eopseo  
Forked tongue within my mouth  
Jikyeowatdeon nae bimildeul  
Run with my tail between my legs
