

## Sunset Overdrive

Parasite Inc.

Life is a sinister one way  
Blacktop made out of pain  
Don't wait, don't ever regret  
You stop? End of the game

Red tape on every heart  
Our rules of life try to tear us apart  
We made us kings and slaves  
Measure the worth of all only by its sales

I'm on that road - motor to the max!  
The life's dustcoat - straight behind my back!  
I'm on that road - leave it all behind!  
Escape that life ...sunset overdrive!

Hey, just criticize! yes, try to hurt me  
But you can't fuck my mind!  
So, choke on the dust when I keep smiling  
And just step on the gas!

I'm on that road - motor to the max!  
The life's dustcoat - straight behind my back!  
I'm on that road - leave it all behind!  
Escape that life ...sunset overdrive!

I'm on that road - motor to the max!  
The life's dustcoat - straight behind my back!  
I'm on that road - leave it all behind!  
Escape that life ...sunset overdrive!
