Bemyself

Parcels

I know that I can't be a few
I'll be myself
Be myself

I'm told to be over them all
I can teach myself
Teach myself

But I'm old, I can feel that it's true
I believe myself
Believe myself

And I know it'll be over soon
I can see myself
See myself

See myself, see myself, see myself
See myself, see myself, see myself

I'm trapped, but I'm trapped in a booth
I can free myself
Free myself

And I'll talk but you know there's no use
I can hear myself
Hear myself

The road's blocked, I can tell that we've stopped
I believe myself
Believe myself

And I know if I'm moving on up
I can be myself
Be myself

Be myself, be myself, be myself
Be myself, be myself, be myself
Be myself, be myself, be myself
Be myself, be myself, be myself
