

Comingback

Parcels

Is anyone out here
Out on their own?
Is anyone listening now, out on the road?
This year's
Been out of control, persevere
Till we find our way home

You know you know you know you know
You just gotta keep coming back
Keep coming back for more and more
You know you know you know you know
You know it's so far better
Just gotta keep on track
Keep coming back for more and more

If anyone's out here
Looking for hope
If anyone gives a damn
I want you to know
I'm here
You're never alone
Persevere
Till you find your way back home

You know you know you know you know
You just gotta keep coming back
Keep coming back for more and more
You know you know you know you know
You know it's so far better
Just gotta keep on track
Keep coming back for more and more

You know you know you know you know
You just gotta keep coming back
Keep coming back for more and more
You know you know you know you know
You know it's so far better
Just gotta keep on track
Keep coming back for more and more
