## Parcels

We've been enough, we've seen enough  
We've lived it up and had to stop  
We're beaten up, we're beaten up  
We're beaten up and had it tough  
I'm near enough, you're near enough  
We're at the point of giving up  
We're giving up, we're giving up  
We're giving up

I'm deep in love  
Is it all that kind?  
To leave a love  
For a new taste  
The scene of us, oh  
With an old point of view  
I need a lot  
But never really knew

I feel this need  
To be free  
Can we feel  
And be real?

I need your love  
But can I breathe this time?  
'Cause I see your love  
In a new way  
Am I deep enough, oh  
To see through you?

I feel this need  
To be free  
Can we feel  
And be real?  
I feel this need  
To be free  
Can we feel  
And be real?

I feel this need  
To be free  
Can we feel  
And be real?

Feel this need
