

Loretta  
Ha!  
Loretta  
Ha!

Open up and try to hold the duff  
Until you're old enough, until you're cold enough  
You're not getting a soul to stuff, is that an open mouth?  
Try to calm more

Hold it up, unfold it up  
A little overdone, a little undercut  
You're not getting any younger, love, another hunger's up  
I don't mind though

Loretta  
Ha!  
Loretta  
Ha!

Open up, hands holding up  
It's controlling us, it's all over us  
Time's ticking, it's told to go, I bought an empty house  
I will not move

Now, as I call your name, you'll answer and step into the ballo  
on  
Name and country  
Just give your name and country and step into the balloon  
Now I'll call your name, you answer, "Present"  
Give your name and step into that balloon  
Take your seat, take your assigned seat  
Just sit there and overlook the crowd  
Okay, Willie Pearl Harrison, Atlanta, Georgia  
Sammy Lee Fong, China  
Gustav Domfaksten, Germany  
Michel Dusdussiere, Yugoslavia  
Ray Peterson, England  
Step along, Ray, step along  
  
Ha!
