Oh, to be loved, to be loved  
Oh, to be loved, to be loved  
Oh  
Oh, to be loved, to be loved  
Oh

Oh, to be loved, to be loved  
Feel it coming alive  
Feel it calling me miles away  
Oh, to be loved  
Feel it all in the night  
Feel it calling me all the way  
Oh, give me love  
The sweetest song and every star in the night  
Oh, to be loved, to be loved  
Oh, to be loved

Oh, to be loved, to be loved  
Feel it holding you tight  
Feel it fighting the fears away  
To be loved  
All that love in your life  
Feel it calling you all the way  
To be loved  
The sweetest song and every star in the night  
Oh, to be loved, to be loved  
Oh, to be loved
