Me and you can make a kid from scratch sit in back
Back of the double R we big relax
I'll fly you to any city I got business at
Spit in your mouth lick your ass

Hold that lovey-dovey shit
Bitch this ain't no love song
Cold-hearted nigga fuck with me girl put your
Uggs on

Keep it tall I thought she was a dyke how she ain't like niggas
She be talkin' spicy on the phone now it's on sight with her

Baby I ain't no porn star I'm just good at it
I ain't no gynecologist but shit I look at it
Know that I'm on go about my bitch I don't care who it is
We in the bed goin' blow for blow like bass whose is this

Whose

Ayy she think she bad she cute
The Beyoncé out the group
Ass it like pow and them titties look like

She said "Pardi boy you know that you ain't shit"
But it's a vibe ain't it
Come here, get your guts rearranged and your time wasted
Girl I would do whatever to that pussy shit it's mine ain't it
Yeah out there you a boss but in here you getting violated

All my niggas shooters so the opps ain't gon' know who to guard

Since she been with me, she smell like shea butter and baccarat
Know that she be tight when she be screamin' and I be nonchalant
Know we really into it when that lil vein get to poppin' out
She driving past the crib and see if my whip is in the parking spot
