

# Shake Sum

Pardison Fontaine

Shake, shake, shake  
Just tryna see, aye, aye

Aye, I'm tryna see you shake sum  
You pop a lot of shit but you don't take none  
Tonight, let's have a three-way with your day one  
'Cause she been givin' me the vibes  
And y'all been back outside  
I love when y'all together, y'all can shake sum (Aye)  
Aye, pop a lot of shit but you don't take none  
Every night I'm in your city, it's a great one  
Baby, I don't make the rules but let's break some  
Aye, aye

Look, foreign car, my garage  
Big TRX, I'm tryna ram shit like a Dodge  
That double R, I caught you sittin' in the stars  
Girl, you look like you get hella DMs, no replies  
See it in your eyes, tell 'em to let 'em in  
Niggas betted on me to lose, I bet they don't bet again  
Bottle wars, a booby trap, bitch I'm a veteran  
The hate and the money keep coming together, I pray that it never end  
I bet that it never end (Amen)

Yeah, I'm ridin' out, that's chrome on chrome  
The bezel is flooded, that's stone on stone  
Think she fly, she wanna get flown  
Get around me and don't wanna go home  
She think it's litty, 'cause she pretty, baby  
You don't see that it's plenty, baby  
Hellcats get the kitty, baby  
Throw it back like a Frisbee  
Got no shoes, just a robe like you do karate  
Your friend is not as cute as you, but fuck it, she got body  
Always puttin' that shit on, you mix Chanel and Marni  
Baby, take it off and pop it, pop it

Tryna see you shake sum  
You pop a lot of shit but you don't take none  
Tonight, let's have a three-way with your day one  
'Cause she been givin' me the vibes  
And y'all been back outside  
I love when y'all together, y'all can shake sum (Aye)  
Aye, pop a lot of shit but you don't take none  
Every night I'm in your city, it's a great one  
Baby, I don't make the rules but let's break some  
Aye, aye, aye
